

# SET HIGHWAY STAKES ON MAIN

May Not be Long Before Contract Let For Paving From Here to Anaheim

## ENGINEERS BEGAN WORK YESTERDAY

County Surveyor Takes Them Over the Road, Pointing Out Property Stakes

Yesterday an engineer of the State Highway Commission and a gang of seven men began work surveying on the state highway between Santa Ana and Anaheim.

This work is being done in such a manner that it is taken as settling any doubt as to the intentions of the State Highway Commission to improve the inside route, running through Fullerton, Anaheim, Santa Ana, Tustin and San Juan Capistrano, as indicated by the state commission to the County Highway Commission.

The surveyors are camped on L. E. Smith's ranch in West Orange. Yesterday they were taken over the road from the north city limits of Santa Ana on North Main street to the south city limits of Anaheim on South Los Angeles street, by County Surveyor J. L. McBride. McBride pointed out the stakes that mark the county road between those two points. The route runs north on Main street from the Santa Ana city limits to West Chapman street, and then turns west and follows the main road to Anaheim. The state requires a sixty-foot right-of-way. On that point there will be no trouble as the county has a right-of-way not less than sixty feet at any point, and part of the way it is sixty-six feet.

The survey and estimates will be complete in every respect. Every fifty feet a stake is to be driven in the center of the street, and stakes set at the outer edge of the street. The estimates will include all grading, little of which will be necessary on this section of the highway. The maps and figures will be in such shape that the contract can be let directly from them, and after the engineer and surveyors leave they need not return for additional data.

The arrival of the surveyors gives rise to the expectation that it will be but a short time until the State Highway commission calls for bids for the construction of this piece of road, about five miles in length.

The surveyors who were at work in the south end of the county have been taken to some other point in the state, and that is one of the reasons for thinking that the first road to be built by the state will be between Los Angeles and San Diego.

# BRUCE-BROWN DIES OF HURT

Fractured Skull in Speed Trials—Mechanic Also Hurt; May Recover

MILWAUKEE, Wis., Oct. 2.—David Bruce-Brown, world famous automobile race driver, died in Trinity hospital here late yesterday afternoon from injuries sustained in an accident while practicing for the Grand Prix race scheduled for Saturday next.

"Tony" Scudeleri, mechanic for Bruce Brown, who has shared success and failure in contests both in America and in Europe, sustained injuries from which there is small chance of recovery, in the opinion of the surgeons at the hospital.

Both Bruce-Brown and Scudeleri were found to have fractured skulls when they were picked up after their high powered car had dashed into a fence bordering the extremely narrow and dangerous course over which today's Vanderbilt cup race will be contested.

Exceeding 100 Miles an Hour

Bruce-Brown was driving his car, according to today's Tetzlaff, at a pace exceeding 100 miles an hour, and in an effort to pass Tetzlaff he attempted to utilize a portion of the ditch, suddenly his right rear tire exploded, causing Bruce-Brown to lose control of the steering apparatus. The car dashed into the fence, throwing both men into deep mud on their heads. Splinters entered Brown's fractured skull, and he lived but two hours. Bruce-Brown was but 21 years of age and had won brilliant victories in automobile racing.

# All Navigable Waters Open For Sport or Boats

SAN FRANCISCO, Oct. 2.—That all navigable waters in California are open to hunters, fishers or navigators of the state, no matter who owns the land beneath them, is the decision of the supreme court today in the case of Edwin H. Forester vs. Frank Johnson. The ruling was made by Justice Shaw.

Justices Angelotti, Sloss, Melvin and Lorgan concurred in the opinion.

## Bulletins of News

Hot from the wire up to 3:30 p. m.

### THE WEATHER

Fair tonight and Thursday; warmer; light northeast winds.

### Suffragist Bride Won By Viscount's Son

NEW YORK, Oct. 2.—With his suffragette bride, Hon. Oliver Sylvian V. Brett today is bound for Europe. He married Antoinette Heckscher of Huntington, Long Island. The groom is the eldest son of Viscount Escher, deputy constable of Windsor Castle.

### L. A. Ocean-to-Ocean Highway Fund Is \$12,675

LOS ANGELES, Oct. 2.—The total fund subscribed to date for California's share of the ocean-to-ocean highway by Los Angeles business men is \$12,675. This may be doubled this afternoon by subscriptions from Los Angeles bankers and other sources.

### Professor Lowe Not Expected to Recover

PASADENA, Oct. 2.—Professor T. S. C. Lowe, scientist and inventor, called somewhat today, but it is not expected he will recover. He is suffering from liver complaint, aggravated by an accident a year ago, when he broke his hip.

### Los Angeles Seeks Dry Farming Congress

LOS ANGELES, Oct. 22.—Los Angeles delegates to the international dry farming congress to open at Lethbridge, Alberta, Canada, October 21, will strive to secure for this city the congress of 1913. Oklahoma City is an energetic contestant and is sending a special train with boosters to Lethbridge next week.

### 13-Year-Old Boy Shot By Unknown Rifleman

SAN DIEGO, Oct. 2.—The police are scouring the hills around Rose Canyon today for a person who shot thirteen-year-old Herman Garcia with a rifle. The boy was in the yard when a bullet, coming from the hills, hit him.

### Wounded Chief Gunnersmate Died Today

WASHINGTON, Oct. 2.—Chief Gunnersmate Crawford, injured in the explosion on the destroyer Walker yesterday, died today.

### Jury Almost in Sight in Dynamite Cases

INDIANAPOLIS, Oct. 2.—The jury is almost in sight in the trial of the forty-eight members of the International Structural Iron Workers, for illegally transporting dynamite.

### SANTA MONICA HAS \$60,000 FOR SCHOOL GYM. BUILDINGS

SANTA MONICA, Oct. 2.—About \$60,000 is to be available for the erection and equipment of two brick buildings in Santa Monica as adjuncts to the new Polytechnic High School, and to be used as boys' and girls' gymnasiums.

A grand stand is also planned, and a brick retaining wall about ten feet high and 1200 feet long is to be built around a portion of the athletic field.

### GET NO PAY FOR BAD EGGS

SACRAMENTO, Oct. 2.—Food Expert Jaffa reported today to the State Board of Control that he had tested scientifically, and was convinced of the staleness of a shipment of eggs sent him from Kolsom prison. The contractor who sold the eggs will not be paid.

# Heninger Brothers Buy Twenty Acres South of Poly High to Subdivide

Beninger brothers, H. B. and M. R., have bought about twenty acres south of the polytechnic high school site, and will open the tract for the building of homes.

The property joins the poly site on the south and extends south to Fairview avenue. There are between fifteen and twenty acres in the property, which will subdivide into seventy-six lots. This winter the streets will be graded, sidewalks laid and trees set out.

The purchase was made from Mrs. G. J. Mosbaugh and Miss Lottie Palmer in a sum of between \$20,000 and \$25,000.

# SUES TO BREAK ORANGE GAS RATE

Southern Counties Gas Co. Alleges That it is Losing Money at \$1.15

## ASKS INJUNCTION AND AN ORDINANCE

Orange Trustees Cited to Appear to Show Cause Next Friday Afternoon

The Southern Counties Gas Co. of California has gone into the superior court in an attempt to break Orange's city ordinance fixing the gas rate at \$1.15 per 1000 cubic feet. Suit was begun today by the gas company against the City of Orange, its Board of Trustees, and the individual trustees as members of the board. The superior court is asked to issue an order restraining the city from enforcing the present ordinance and compelling it to pass another ordinance giving "a fair rate," the amount not stated in the complaint.

The complaint sets forth the fact that Santa Ana, Orange, Anaheim and Fullerton are all served from the Santa Ana plant. It is alleged that the plant monthly delivers into the mains of the system 5,972,100 cubic feet of gas, of which Orange consumes 720,000. The cost of manufacture and delivery in the mains is said to be 65 cents per 1000. It is alleged that it costs \$403 per month to distribute the gas at Orange, added to which is the cost of manufacture, making \$71 as the cost per month of supplying Orange with gas. Last March Orange passed its ordinance cutting the rate from \$1.25 to \$1.15, declaring that if Santa Ana can be supplied for \$1.00 certainly Orange ought to get it for less than \$1.25. The complaint filed today states that there is collectable each month for gas served in Orange the sum of \$827.69, which is less than the alleged cost of serving Orange.

The complaint states that the value of mains, etc., at Orange is \$22,872, on which the company is entitled to interest.

The complaint and the notice to show cause at 2 o'clock Friday afternoon were served on A. Dittmer, president of the Orange City Trustees, today by Sheriff Ruddock.

# DE PALMA TAKES VANDERBILT CUP

Tetzlaff's Great Run—Made 118 Miles in 95 Minutes—Then Engine Went Dead

MILWAUKEE, Oct. 2.—With Drivers De Palma, Hughes, Mulford, Nelson, Clark and Tetzlaff starting in the order named, the Vanderbilt Cup race was run off here today. Mulford withdrew early because of magneto trouble.

At the fifteenth lap Tetzlaff was ahead, covering 118 miles in 95 minutes. Tetzlaff's engine went bad and he was forced to withdraw. De Palma won the race.

### SAN DIEGO RED LIGHT SECTION TO BE CLOSED

SAN DIEGO, Oct. 2.—Chief of Police Wilson announced today that he will close the red light district as soon as he is satisfied that the reform associations of the city could take care of the less depraved of the section. Members of the citizens' committee are sure they can do their part.

The Colonel had a physician along with him, but he might just as well have dispensed with his services, and merely gargled his throat when it got tired from speaking. Aside from being hoarse, he was in the same splendid trim today as when he left Oyster Bay—still sunburned and vigorous in every movement.

"What I'm anxious to do now," said the Colonel today, "is to get back to Oyster Bay, play a few sets of tennis, take a ride or a walk, and then I'm ready again."

Through the trip, the Colonel has worn just one suit of clothes. Indeed, his wardrobe—and his simplicity was reflected in the fact that he carried only one big kit bag and two suitcases—only contained the one business suit and a frock coat. That one gray suit was sadly worn and wrinkled and creased and dirty, as its wearer ought to have been after such a trip, but the Colonel isn't much on style. His black felt sombrero was the only thing that was new.

(CONTINUED ON PAGE FOUR)

# ROOSEVELT TOUR SHATTERS RECORDS

Most Comprehensive Ever Made by Any Candidate For the Presidency

## TRAVELED 10,878 MILES; MAKES 300 SPEECHES

Springs New Progressive Idea at Raleigh—Receivership Plan For Trusts

WASHINGTON, Oct. 2.—Colonel Roosevelt arrived here at 10 o'clock this morning, and said he "felt great." He reached New York at 3 o'clock this afternoon, and will appear before the contributions committee on Friday.

Attacked Trusts at Raleigh

RALEIGH, N. C., Oct. 2.—As a windup to his slashing thirty-day swing around the circle, Colonel Roosevelt here last night flayed the tobacco trust, the dominant element in North Carolina politics. The Colonel blamed the tobacco trust for the opposition in this state to his candidacy for the Republican nomination at Chicago. The trust is bitterly fighting Roosevelt now to keep him from carrying North Carolina.

### New Progressive Idea

Roosevelt came out for a receivership plan of trusts, a new idea in his progressive policies.

"The way to handle the trusts is to put them under definite control," urged the Colonel. "No modification of the supreme court decree of dissolution in the tobacco case could make that decision amount to anything. We don't want to do damage to any business, but we do want to root crookedness in it."

### Receivers for Trusts

"The language of the supreme court in disposing of the tobacco trust was such as to warrant putting the corporation in the hands of a receiver, just as is done with banks that go to the bad. I advocate receiverships for all trusts needing an overhaul, the receivers to be under the supervision of the Interstate Commerce Commission."

"If the government puts in receivers to run the trusts until everything wrong is cleared up we will have some concrete results."

"If a trust official, after the government has put him back again, repeats the wrong doing he ought to suffer as Charles Morse did. That is the real way to cut out the crookedness in criminal trusts."

### Remarkable Campaign

Roosevelt's last day in the long campaign of the West and South was a fitting climax to the thirty days of immense crowds and bubbling enthusiasm.

In the thirty days ending with his invasion of North Carolina, the Bull Moose leader traveled 10,878 miles. With the run to New York this will be increased to 10,878 miles, the longest campaign trip ever made by the ex-President, as well as the most comprehensive campaign tour ever undertaken by a presidential candidate.

During this strenuous tour of the country, Colonel Roosevelt will have made 300 speeches to perhaps ten million citizens, in advocacy of the progressive principles, for which he is fighting. The three hundred speeches does not count mere rear-of-the-train talks, of which there were scores. It does not give an idea of the typical Roosevelt strenuousness of the trip, of an enthusiasm that never waned, keen insight into local conditions, an alertness and versatility that transformed what were about eight basic topics for speechmaking into almost new addresses in city after city.

Thirty-seven states have been traversed by the Bull Moose leader. One month ago today he began his swing around the circle by an excursion into Connecticut. Thence he swung westward, zigzagging up and down to the coast, and then eastward through the South, returning along the Atlantic coast.

The Colonel had a physician along with him, but he might just as well have dispensed with his services, and merely gargled his throat when it got tired from speaking. Aside from being hoarse, he was in the same splendid trim today as when he left Oyster Bay—still sunburned and vigorous in every movement.

"What I'm anxious to do now," said the Colonel today, "is to get back to Oyster Bay, play a few sets of tennis, take a ride or a walk, and then I'm ready again."

Through the trip, the Colonel has worn just one suit of clothes. Indeed, his wardrobe—and his simplicity was reflected in the fact that he carried only one big kit bag and two suitcases—only contained the one business suit and a frock coat. That one gray suit was sadly worn and wrinkled and creased and dirty, as its wearer ought to have been after such a trip, but the Colonel isn't much on style. His black felt sombrero was the only thing that was new.

(CONTINUED ON PAGE FOUR)

# YOUNG MEN TO FORM PROGRESSIVE CLUBS

Enthusiasm and Virtue of California's Young Voters to be Wedded Into Big Working Force in Campaign

LOS ANGELES, Oct. 2.—The young voters of California, as a rule, are earnest Progressives. The program looking to the establishment of justice in industrial and social life necessarily appeals to young men and women, and they are expected to give great support to the Progressive cause and its candidates both during the campaign and at the election on November 5.

In order that the young voters may have appropriate recognition, and that they may have an opportunity to make their work more effective through organization, the Roosevelt Progressive Republican League is going to carry on a campaign for the formation of clubs—collegiate clubs and young men's clubs. For young women the Jane Addams Junior choruses afford like opportunities.

In every college in California a college men's club will be organized without delay. These will include such institutions as the University of California, Stanford University, Santa Clara College, University of Southern California, University of the Pacific, Pomona College, Occidental College and many others.

## PETITION FOR ROOSEVELT'S NOMINATION MAY BE INVALID

SACRAMENTO, Oct. 2.—The status of the Roosevelt presidential electoral petitions received yesterday by Secretary of State Jordan from County Clerk Leland of Los Angeles has been referred by Jordan to Attorney General Webb.

The reason for Jordan's unwillingness to accept the petitions as filed is that County Clerk Leland, in his certificate, failed to state that the names signed to the petitions as required by law are those of citizens who took no part in the primaries or in the state conventions, and who signed none of the nomination petitions for candidates at the primaries.

### IMMENSE ENTHUSIASM OF LOS ANGELES SHOWN BY PETITION

LOS ANGELES, Oct. 2.—To secure for the Roosevelt presidential election a place on the official California ballot as Progressives it was necessary that a petition be filed with the secretary of state, bearing the signatures of 11,500 qualified voters who had not participated at the September primary election. The petition has been filed, and the interesting fact has been made public that in Los Angeles county alone a number of signers more than equalling the full number required in the entire state was secured by the Roosevelt Progressive Republican League. In Los Angeles county just 10,790 voters signed. Upon the verification of the signatures 3755 were disqualified, leaving 12,033 valid signatures, or 537 more than necessary.

Los Angeles thus revealed once more the intense enthusiasm which characterizes the attitude of the southern portion of the state toward the Roosevelt and Johnson campaign. In the northern counties many signatures were secured; but no other section of the state measured up, either in actual numbers, or proportionately, to the record set in Los Angeles county.

The work on behalf of the Roosevelt Progressive Republican League was managed by Mr. F. E. Woodley, one of the Progressive candidates for the legislature. Mr. Woodley developed an excellent system of canvassing and checking, and has been the recipient of many well-earned compliments.

## LOUIS GLAVIS IS REFUSED SALARY

State Board of Control Creates Excitement by Refusal of Salary Demand

SACRAMENTO, Oct. 2.—Excitement in official circles here ran high today when the fact became known that the State Board of Control had refused the September salary demand of Louis R. Glavis, secretary of the State Conservation Commission.

## OXNARD CROPS ARE DAMAGED BY RAIN

Both Beets and Beans Injured to Extent of Thousands; 2-Inch Rain at Ventura

OXNARD, Oct. 2.—Thousands of dollars of damage was done to Lima beans and beets by the rain of last night. Thirty-hundredths of an inch fell here with nearly 2 inches in Ventura.

Showers in Los Angeles

LOS ANGELES, Oct. 2.—Rain to the extent of one-hundredth of an inch fell here last night.

Dust Laid at Santa Monica

SANTA MONICA, Oct. 2.—After threatening all day, rain began falling here shortly before 5 o'clock yesterday evening. It came steadily and dust soon was laid and vegetation well washed.

Beets Suffer at Ventura

VENTURA, Oct. 2.—Sugar beets suffered severely as a result of the heavy rain. Two inches fell last night and this morning.

# WAR APPEARS CERTAIN IN BALKANS

Turkish Cabinet Refuses to Release Serbian Munitions and Begins War Plans

## COMMANDEERS 52 GREEK VESSELS FOR TRANSPORTS

Closes Dardanelles to Greece; Allies Eager For Fray; Ask Powers For Free Hand

CONSTANTINOPLE, Oct. 2.—Refusing to surrender the Serbian munitions of war, the Turkish cabinet today appointed Abdallah Pasha, commander-in-chief of the Ottoman forces in the Balkans, who began hurried preparations for war. The first important stroke against the allies followed Abdallah's appointment when fifty-two Greek vessels were commandeered as transports, and the Dardanelles officially closed to Greek shipping.

The Sabat newspaper says, "the swords of heroes, sharpened by six centuries of glorious battles, joyfully accept the invitation to fight."

### IMMEDIATE WAR IN THE BALKANS IS LOOKED FOR

CONSTANTINOPLE, Oct. 2.—All indications point to immediate war in the Balkans. Although the sultan has protested to the powers against the mobilization to a war footing of the armies of Serbia, Bulgaria, Montenegro and Greece, simultaneous orders were issued for the mobilization of Turkish troops.

It is reported that Greek ships cruising about Turkish waters here been seized as transports by the Turkish warships. This action is expected to hasten a declaration of war.

### Turks Fire on Serbian Frontier

BELGRADE, Oct. 2.—Fifty Turkish soldiers today fired volleys on the Serbian frontier. The inhabitants of the border village fled.

SOFIA, Oct. 2.—Official announcement was made today that duplicate notes had been handed to the representatives of the powers at Cetinje, Belgrade and Sofia, appealing to them to let the Balkan allies settle the Turkish troubles without interference. The note declares that the allies do not want territory, but desire to force the Sultan of Turkey to grant autonomy to Macedonia.

### POWERS WORKING FOR PEACE; RUSSIA'S SINCERITY SUSPECTED

PARIS, Oct. 2.—Acting in concert with other powers, France today is continuing her official efforts to promote peace in the Balkans. Russia, of all the concerned nations, is the only one whose sincerity is suspected, for it is doubted in official circles if Bulgaria and Serbia would go far if not assured that Russia will back them against Austrian or German aggression in case of a general conflict.

### FIGHTING ON ALLIES' BORDER REPORTED BUT RUMOR DOUBTED

LONDON, Oct. 2.—Reports state that fighting is in progress along the Turkish, Montenegrin and Bulgarian frontiers. It is impossible to verify the rumors which are discredited in diplomatic circles.

### TURKISH AEROPLANES SIGHTED ON BULGARIAN FRONTIER

PUDAPEST, Oct. 2.—Turkish aeroplanes have been sighted along the Bulgarian frontier, according to reports from Sofia today.

### "DOES RUSSIA WANT WAR?" GREAT PUZZLE OF NATIONS

LONDON, Oct. 2.—With France actively moving to prevent the war which has practically started in the Balkans, with Great Britain non-committal, and Germany and Austria practically in a state of armed neutrality, the great puzzle of the nations is: "Does the Czar of Russia want War?"

### TURKEY AND ITALY PRACTICALLY AGREE ON PEACE

VIENNA, Oct. 2.—Reports are current today that Italy and Turkey have practically agreed on peace terms. The Bourse is panicky over the situation.

## CONVICTS HANGED NEGRO ESCAPING WHITE MOB'S RAGE

CHEYENNE, Wyo., Oct. 2.—Frank Wigfall, the negro who assaulted Mrs. Julia Higgins, aged 76, was lynched by convicts in the State penitentiary today. The mob which had gathered to attack Wigfall was dispersed. The convicts then got a rope and hung him within the prison walls.

Santa Ana Police Station, 1024 1/2 East Fourth St., Main 222.

## WOMAN VICTIM DRUGS HABIT

Mrs. Anna Holman Alleged by  
Relatives to be Unable to  
Handle Estate

Los Angeles Examiner: That the drug habit, having its inception years ago with a physician's prescription, has utterly unfitted Mrs. Anna E. Holman, sister of Colonel Oliver S. Hershman, Pittsburgh millionaire, to look after her \$50,000 estate, was testified to before Judge Rives yesterday.

Two petitions had been presented in the probate court pronouncing Mrs. Holman an incompetent and requesting the appointment of a guardian for her. The petitioners were Judge Frank Shanley of Anaheim and P. E. Hatch, president of a Long Beach bank.

Mrs. Holman acquiesced to the proceedings, but insisted that Judge Shanley be given control of her affairs, as he had been a friend of the family since her childhood. Her mother, Mrs. Lucy Hershman, also favored the naming of Shanley.

It was Mrs. Hershman who told of her daughter's weakness for opiates and the manner in which her daughter had become addicted to them. She said that at times Mrs. Holman had to be cared for as a child.

Judge Rives proceeded to question the millionaire's sister and finally took the matter under advisement.

Guy W. Holman, the husband, sought to have Hatch invested with the guardianship powers. It appeared in court he had pitched up an arrangement which led his wife to create a scene in Judge Monroe's court a year ago by demanding that he try a suit she had filed for divorce.

"You old fool," she exclaimed when he told her the case had been transferred to the Orange county courts because of her residence there. She was then carried from the room screaming loudly and scratching at the deputy sheriffs sent to escort her from the courtroom.

It was shown in court Mrs. Holman has an income of about \$3000 from her personal estate, and that she receives in addition \$20,000 a year from her brother. The latter is interested in the publication of newspapers and figures importantly in the iron and coal operations in Western Pennsylvania.

WELCOMED POLE FINDER  
S. OCKTHULM, Sweden, Oct. 2.—Röald Amundsen, the discoverer of the south pole, has been enthusiastically received in Stockholm, where he has delivered his first lecture since leaving Norway. He will be in London in January and will visit the United States. In October, 1914, he will start from San Francisco on board the Fram in an attempt to reach the north pole via Bering Strait.

## "SELF STARTERS"

Hill-Carden's Hats are exceeding the speed limit in style and passing popularity like it was a pedestrian on the street.

Roadster models for about town.

Limousine models for evening wear.

Time is money—if you don't believe it get in a taxicab.

Don't waste any time or money either by wearing any other than Savoy Shirts.

They're running on all cylinders—no matter what style you select you'll get all the service you expect.

Latest improved windshields—R. & W. Overcoats.

## CLOSE SHAVE IN RUNAWAY

Little Boy Was Picked up Unconscious But He Soon Regained His Senses

Thrown from a cart smashed up in a runaway, the little brother and sister of David Meredith had a narrow escape from death Monday evening. The boy was picked up unconscious, but after a time he revived and he and his sister walked home.

The accident occurred on West Fifth street near Blankenbiller's store. The Meredith children were sitting in the cart when the horse began to run. The horse and cart smashed into a pole, and the horse broke loose and went west with nothing but the bridle and neck strap on him. The unconscious boy was taken into the store, but he soon became conscious and his injuries evidently were of no consequence. The girl while heavily thrown was unhurt. Up to yesterday afternoon the horse had not been recovered.

## DEPARTMENT STORE MAKES IMPROVEMENTS

There is no stronger proof of the fact that Santa Ana is growing, faster perhaps than the average citizen realizes, than is furnished by the many substantial improvements made recently by its merchants. During the past few months a number of our leading stores have found it necessary to increase their floor space to accommodate their larger stocks of goods.

One of the latest stores to make improvements is that of Reinhaus Bros., who are just completing a large mezzanine floor which extends across the rear of their main store room and adds about twenty per cent to their floor space. The total floor space of this store is now approximately 9000 feet and every foot of it is utilized to the limit.

The new mezzanine floor, which is reached by two stairways, will be used for ladies' ready-to-wear garments and is now being fitted up with suitable racks and cabinets for displaying these goods. A small section of this floor is devoted to a cashier's office and a corner is enclosed for the manager's private office.

Reinhaus Bros. have in their fall stocks which include the latest of everything in their various lines.

## STATE POLYTECHNIC EXHIBITED STOCK

SAN LUIS OBISPO, Oct. 2.—Prominent among the livestock exhibits at the California State Fair were the pure bred Percheron horses and Jersey cattle owned by the State Polytechnic school at San Luis Obispo. The four-year-old stallion Ibidem, owned and exhibited by the school, was awarded first prize in both state and open classes. The Percheron mare, Dolores' Babetto, was awarded first prize in both state and open classes, and was declared the grand champion mare of the show. A three-year-old mare also shown by the school received first prize in both the state and open classes. The six Percherons shown, exhibited in nine classes, were prize winners in each class. Three first prizes and one second prize were also received as special awards from the Percheron Society of America.

Among the pure bred Jerseys shown by the school was a young cow with a pair of beautiful twins. In a group of eighteen the twins received first and fourth prizes. The school also won second prizes on breeder's young herd and on Jersey calf herd. Third prizes were also received in the aged bull class, senior bull calf class, and aged cow class, in strong competition.

A good part of the Jerseys and all of the Percherons shown, except the stallion, were bred at the school.

A Log on the Trunk  
of the fast express means serious trouble ahead if not removed, so does loss of appetite. It means lack of vitality, loss of strength and nerve weakness. If appetite fails, take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. Michael Hoesheimer of Lincoln, Neb., had been sick over three years, but six bottles of Electric Bitters put him right on his feet again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50 cents at all drugists.

## REGISTRATION NEARING END

Good Roads Bonds and General  
Election Books Will Close  
This Week

If you have not registered since Jan. 1, 1912, you cannot vote either at the good roads bonds election on Nov. 4, or the general election on Nov. 5. If you have registered and have moved from one precinct to another and have not transferred, you cannot vote at either of those elections.

If you have not registered or have not transferred, you can do so and save your vote. But you have a mighty short time in which to take action.

Registrations and transfers for the good roads election of Nov. 4 will close on Oct. 4, which is Friday of this week. Registrations and transfers for the general election closes on Oct. 5, Saturday of this week.

Seek out a registration clerk, or go to the office of the county clerk, and get yourself on the Great Register. DO IT NOW!

## BEAUTIFUL HAIR AT SMALL COST

A Simple Remedy Beautifies  
the Hair, Cures Dandruff,  
Stops Falling Hair

What a pity it is to see so many people with thin, wispy hair, faded or streaked with gray, and realize that most of these people might have soft, glossy, abundant hair of beautiful color and lustre if they would but use the proper treatment. There is no necessity for gray hair under sixty-five years of age, and there is no excuse for anyone, young or old, having thin, straggling hair, either full of dandruff or heavy and rank smelling with excessive oil.

You can bring back the natural color of your hair in a few days and forever rid yourself of any dandruff and loose hairs, and make your hair grow strong and beautiful by using Wyeth's Sage and Sulphur Hair Remedy. For generations common garden Sage has been used for restoring and preserving the color of the hair; and Sulphur is recognized by Scalp Specialists as being excellent for treatment of hair and scalp troubles.

If you are troubled with dandruff or itching scalp, or if your hair is losing its color or coming out, get a fifty-cent bottle of Wyeth's Sage and Sulphur from your druggist, and notice the improvement in the appearance of your hair after a few days' treatment.

ROWLEY DRUG COMPANY.

## LONG DISTANCE TELEPHONE SERVICES JOIN AT POMONA

POMONA, Oct. 2.—Negotiations which have occupied two years, were ended yesterday, when the Pacific and the Pomona Valley Telephone Companies joined their long distance services, thereby giving subscribers of the Home company the advantage of 100,000 additional connections.

The Pacific Company has abandoned the local field, their interests having been purchased by the Home company, and the equipment has been moved to the offices of the latter corporation.

A decision rendered three months ago by the Railroad Commission makes possible the present arrangement.

## HAMBURGER'S HAS LARGEST SINGLE FLOOR ON COAST

Los Angeles Examiner: Forty-two thousand square feet of floor space in Hamburger's store was covered with hardwood flooring by three crews of men, after shopping hours, in a day and a half. G. Peterson, one of the men at work, laid seventy-five square yards of flooring in five hours, which is said to be the best record ever made. One hundred and thirteen miles of maple strips 2 1/4 inches wide were required for the work.

The floor is now eighty-four thousand square feet, said to be the largest single floor on the coast.

## BEACH CITY MUST PAY WOMAN \$1100 FOR PROPERTY DAMAGES

REDONDO BEACH, Oct. 2.—In the case of Mrs. Anna V. Galloway against the city for alleged damages to her property at Emerald street and Guadalupe avenue, as the result of street improvements whereby a large portion of the land was cut away, the plaintiff was given judgment of \$1100.

The case was heard before Judge Fredrickson in the superior court yesterday. It had been pending two years.

Beginners' classes in Spanish meet Monday and Thursday evenings at 7:30, 329 West Tenth St. Mrs. Olive Lopez. Private lessons, \$1. Two in class \$5 each per month.

## Six Reasons Why You Should Do Business With This Bank

1. Depositing your money in bank makes it absolutely safe from loss by robbers, fire or accident.
2. With a bank account you can pay your bills by check. The canceled check is a legal receipt for payment. You cannot be made to pay the bill twice.
3. A check book makes all your money available at any moment, and you are never bothered about making change.
4. The bank keeps your books. Every deposit and the amount of the checks you draw are carefully entered in your pass book by expert bookkeepers, so that you know where you stand at the end of the month.
5. Nearly every man needs to borrow money at some time. If you are well known at the bank, through your bank account, it is easy to get accommodation.
6. Every check you write is an advertisement of your good business habits and solid worth, which has the effect of raising you in the general esteem of your neighbors.

Any one of the above reasons is of itself sufficient to influence you to open a bank account. It will only take a short acquaintance with this bank, and the facilities it offers, to convince you that six reasons are only a few of many more why you should make it your financial home. Now is the time to begin the practice of these most approved business methods, and to make this bank what we want it to be—  
**YOUR BANK**

## Have You Been to ARROWHEAD

## Hot Springs?

IT IS A PERFECTLY DELIGHTFUL PLACE TO SPEND A VACATION OR WEEK END NOW UNDER NEW MANAGEMENT

**An Ideal Mountain Resort**  
No spot in all Southern California offers so much in the way of clean, healthful, invigorating pleasure as does Arrowhead Hot Springs at the foot of the famous Arrowhead Mountain. Thousands of tourists from all over the world have visited Arrowhead and are advertising its climatic, scenic and other advantages wherever they go.

You can spend a week and or an entire vacation here and enjoy every moment of the time. The roads are good with an easy grade and the hotel has its own free fireproof automobile garage for the use of guests. There are many beautiful hill trails and canyon walks. The hottest natural mineral springs in the world are here; also the famous natural steam caves, mud baths, large outdoor plunge, etc.

The hotel has its own supply of fresh eggs, milk, pork, veal, vegetables, fruits and berries insuring a table service par excellence—which is under the direction of a chef trained under the famous Harvey system. Music, billiards and pool. Dancing Wednesday and Saturday nights. Special attention and accommodations for the care of rheumatic and asthmatic patrons.

TERMS—\$3.00 and upwards per day. MR. C. C. OSWALD, also formerly in the Harvey service, is in charge. For reservations, etc., address:

**ARROWHEAD HOT SPRINGS CO., Arrowhead, San Bernardino County, Cal.**

## WEDDING WAITS ON 100 POUND CAKE MADE IN OLD SCOTLAND

SAN FRANCISCO, Oct. 2.—A wedding cake weighing 100 pounds arrived from Glasgow, Scotland, on the steamer Crown of Galicia, Monday, and was rushed through the custom house and forwarded to Portland, Ore., to grace the wedding of Miss Katherine MacMaster and L. R. Mason, Jr.

Half a dozen telegrams have been received from the groom asking in formation as to the arrival of the cake. He said that the ceremony would be postponed until the cake arrived.

—Dr. C. H. Brooks has moved his office over the Reinhaus Department store, corner of Bush and Fourth Sts., opposite Opera House—Rooms 1-3.

—Santa Ana Auto Club will meet Wednesday, Oct. 2nd. All members come out, as there is important business.

## RADICAL REFORMS

In the Roosevelt-Johnson platform are many plans that have social and industrial justice as their aims. Here is a discussion of the party's stand on Working Conditions of Women, from the Chicago "Tribune."

For working women the Progressives propose to limit the hours of work to eight per diem and to institute a minimum wage.

Both of these proposals are radical. The Democratic platform hasn't a word about either minimum wage or eight hour day. The Republicans say they will strive to "regulate effectively" the hours of labor of women.

When women are overworked the next generation is born tired. Working women must be regarded not merely as so many economic units, but also as the mothers of the future. It is to protect maternal functions that the eight hour restriction is proposed.

The minimum wage is somewhat more experimental. The Chicago vice commission, composed of persons of varying creeds and experiences of life, reported unanimously that the underpayment of working girls was the chief cause of prostitution. If by statute law working girls can be assured a living wage such a law should be put on the statute books, for it would prevent more human misery perhaps than any other hundred laws put together.

We confess we do not know if such a law would work. We believe, however, that the subject is worth the most careful and earnest investigation which wisdom can give it. This investigation the Progressives have pledged themselves to make.

Neither of the other two party platforms mentions "minimum wage." The proposition is apparently too radical for them even to investigate.

## CAUSE OF CRIME

Many papers of this state have found food for thought in the comments of Judge John P. Gray of Butte county made at a time he was sentencing a man to prison for a crime that was committed when the man was intoxicated. Judge Gray spoke his convictions as follows:

"I believe that you were intoxicated at the time and I believe that in 80 per cent of the cases that come before me, when the men stand up and ask for the clemency of the Court on the ground of being intoxicated at the time the crime was committed, that they are telling the truth. It is a sad part of the history of the state. It appears in almost every court room—in every court room over the entire state and it does seem strange that in view of the story repeated daily—almost daily—in the courts of this state, that the people of the state take no more interest in suppressing the cause of crime than they do. Instead of trying to suppress it, we all of us, all of us, seem to aid in establishing it, because if we do not allow the parties to sell liquor under license, it could not be sold in the state at all. We license it, we permit them to go ahead and create

## Three Reasons Advanced For The Necessity of A New Party

These three reasons for the necessity of a new party have been advanced by three men now before the public—Theodore Roosevelt, Senator Beveridge and Governor Wilson:

Col. Roosevelt—"It seems to me that the time is ripe, and overripe, for a genuine Progressive movement, nation wide and justice loving, sprung from and responsible to the people themselves, and sundereed by a great gulf from both of the old party organizations, while representing all that is best in the hopes, beliefs, and aspirations of the plain people who make up the immense majority of the rank and file of both the old parties."

"The first essential thing in the Progressive programme is the right of the people to rule."

Senator Beveridge—"The root of the wrongs which hurt the people is the fact that the people's government has been taken away from them. Their government must be given back to the people. And so the first purpose of the Progressive party is to make sure the rule of the people. The Progressive motto is 'Pass prosperity around.'"

"The Democratic platform declares for free trade; but free trade is wrong and ruinous. The Republican platform permits extortion; but tariff extortion is robbery by law. The Progressive party is for honest protection; and honest protection is right and a condition of American prosperity."

Gov. Wilson—"I used to meet men who shrugged their shoulders and said, 'What difference does it make how we vote? Nothing ever results from our votes.' I suppose you know the force that is behind the new third party that has recently been formed,—the so-called Progressive party. It is a force of discontent with the regular parties of the United States. It is a feeling that men have gone into blind alleys and come out often enough and that they propose to find an open road for themselves."

## FOR ROOSEVELT AND PROTECTION

Riverside Press: The New York Press, which has for many years been a strong defender of the policy of protection, had been purchased by Frank A. Munsey, who is already supporting Roosevelt in the other dailies on the Atlantic coast owned by him. In announcing the change of ownership and defining the future policy of the paper, Mr. Munsey says:

"The logical and honest thing for this newspaper to do, under the conditions in which we find ourselves, is to support Roosevelt, who can be elected and whose election would mean the continuation of a tariff that protects the American wage against the cheap wage abroad—the continuation of a tariff that makes it possible for our industries to compete with foreign industries, and that protects our markets from the onslaught of foreign invasion."

"The Press, therefore, under my ownership, will stand for American prosperity and American industries, which after all, are the bread and butter issues of the campaign. These will be as safe in the hands of Roosevelt as they would be in the hands of Taft—as safe in the Progressive party as in the Republican."

"A tariff that will safely cover the difference between the cost of production abroad and at home, and will amply protect our markets from foreign invasion is a high enough

a set of criminals, who come into court and plead, just as you have plead, for mercy because of being intoxicated. It is a shameful condition of things; how much longer will it continue, I don't know."

"I know that men who have means are spending thousands and millions of dollars to discover remedies for the cure of tubercular diseases all over the nation, and yet we have here a mightier agency for evil; and we not only do not spend money to suppress it, but all of us aid in spreading this cause of crime, without any effort on our part to suppress it."

"Our captains of industry have been too much the captains of our politics. A man may be a successful business man, a kind neighbor, a generous giver to philanthropies, and yet his influence may be harmful when it comes to dictating governmental policies. Such a man is too apt to take too complacent a view of the struggles of his fellow men. Comfortable himself, surrounded by every luxury, he grows out of touch with the fight the workingman is making day by day for bare support."

When the workingman must put up with a cold dinner because his helpmate is transplanted from the cook stove to the mill, when the children run loose and unwashed and unclothed through the streets because Mother is tending a loom, there is a social loss that no amount of money can replace.

India's Coal Production  
India produces twelve million tons of coal a year.

tariff. A tariff in excess of this is too high and should be reduced.

"The Press will stand for this view of the tariff as it will stand for the protection of the American wage against the cheap wage of Europe, as it will stand for industrial evolution and social justice for whatever makes for genuine progress and genuine betterment of life among all our people."

Roosevelt's position on the tariff is well understood in the East and has been repeatedly made clear in this campaign; he is unequivocally committed to the policy of a just and discriminating protection on American industries and is being attacked in certain quarters because of his advocacy of protection. Because he looks upon the Progressive party and upon foreign industries, and that he advocates the free trade theories of Democracy. Mr. Munsey is giving his powerful support to Roosevelt and Johnson. In view of the protectionist support of which this is an illustration, it is a very clumsy sort of campaign lie to attempt to convince the California fruit growers that their interests are not safe with Roosevelt. He is the one protectionist in the race who can be elected and self interest in California should swing the state into the Roosevelt column, where there are not also abundant reasons of a higher character to lead us to support the Progressive cause.

## DIXON SAYS PROBE NOT SQUARE DEAL TO COL. ROOSEVELT

WASHINGTON, Oct. 2.—Verification of John D. Archbold's testimony that Standard Oil contributed \$100,000 to Roosevelt's 1904 campaign, was given the senate campaign contributions investigating committee today by George S. Sheldon, formerly treasurer of the Republican national committee of 1908. Sheldon said the contribution was made in Archbold's name. Other contributors, Sheldon said were Pierpont Morgan, Henry Frick and George Gould who each contributed \$100,000.

Dixon Speaks Out  
Senator Joseph M. Dixon of Montana, manager of Col. Roosevelt's pre-convention fight, testified that he had solicited funds for the Progressive cause. He said: "I want a committee to probe other campaign funds besides those contributed to Roosevelt. The impression is general that this investigation is directed against Roosevelt. Why not investigate Wilson? I was told the committee intended to investigate all the parties. It is just thirty days from election and I don't consider this a square deal." Dixon said, "Everyone realized that Taft's nomination meant the utter defeat of the Republican ticket. That fact is still evident."

He vehemently denied that the Progressives used money to get delegates at Chicago.

The Maid and Her Apples  
Three boys met a servant maid carrying apples to the market. The first took half what she had, but returned to her tent; the second took one-third, and returned two; and the third took away half those she had left, but returned her one. She had had then twelve apples left—how many had she at first?  
Answer—Forty.

## "HIT LIVE BOSSES"

SAYS GOV. JOHNSON

Advised Enthusiastic Hearers

to Get Leader Who Isn't Afraid to Punch

SCHENECTADY, N. Y., Oct. 2.—"Don't let straw stuffed bosses; hit live ones like Boss Barnes and Boss Murphy."

That was Governor Johnson's advice to the Democratic nominee for President, delivered last night before what old residents here say is the most enthusiastic and stirring political meeting held here in years.

Preceding the meeting there was a torch light parade and despite inclement weather, hundreds of Schenectady's citizens marched through the streets as an escort to the Progressive vice presidential candidate.

His advocacy of a minimum wage for women provoked a demonstration that was sustained for fully two minutes.

Of "bossism" Gov. Johnson said: "Vague, indefinite expostulation against the system of bossism will get us nowhere. What the country needs is a man who isn't afraid to punch, and to punch hard at the individuals who set themselves up as our bosses and who arrogate to themselves the power to run our government. Don't hit straw-stuffed bosses; hit live ones like Boss Barnes and Boss Murphy."

## GAS SOURNESS AND INDIGESTION VANISH

As Soon as "Pape's Diapiesin" Gets in Stomach All Distress is Gone

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment Diapiesin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach doctor in the world.

## TALESMEN REFUSE TO SERVE ON ETOR ET AL MURDER JURY

SALEM, Mass., Oct. 2.—Wholesale refusal of talesmen to qualify as jurors will result in the dismissal of the cases against Joseph Etor and Arturo Giovannitti, charged with the murder of Anna Lopizzo during the textile strike in Lawrence, was predicted today by attorneys for the defense. District Attorney Atwill said: "Something is radically wrong; perhaps the talesmen are alarmed at Black Hand letters and reports that the Industrial Workers will resort to violence if the defendants are convicted."

Scores of talesmen have been excused because they believed the prisoners to be innocent.

## THE STEAM ROLLER AT BEVERLY

"Dropping off the train as it pulls into the bright and airy little depot at the North Shore town where President Taft is 'summering' again this year, the first thing which greets the eye of the new arrival is a torn up and partly repaved street, the new stretches of concrete being flattened out by a steam roller."

"Of course, there would be nothing to comment upon the coincidence between this de facto 'flattener' and the political squeezer that was in use at Chicago, were it not for the fact that 'longside this Beverly machine a board sign tells us that 'This steam roller is in full operation.'"

COL. ROOSEVELT'S TOUR SHATTERS ALL RECORDS

(CONTINUED FROM PAGE ONE)

brero was almost equally marked with wear and travel.

Here was the usual Rooseveltian program day by day:

Arise at 7 o'clock.  
Shake hands with a crowd and make a two minute talk, perhaps in the middle of his breakfast, at 8 o'clock.

Talk politics with local Bull Mooseers, interspersed with perhaps a couple of set speeches.

Grab luncheon at 1 o'clock.  
More speeches, and in between times, rest. (Rest, according to the Colonel's notion, consists of reading such books as the History of the Second Empire, the French Revolution, or some of the French essayists—in their own language.

Dinner, say about 7.  
More speeches, probably up to 11 o'clock, and then to bed.

Of course, on such a varied trip as the Colonel has just taken the above program wasn't always carried out.

Generally it was about twice as strenuous. It should also be mentioned that the Colonel sandwiched in daily a personal letter to Mrs. Roosevelt, handled his regular mail, read the newspapers and mapped out additional work.

Roosevelt never was an orator, but those who have been associated with him for years say that he never spoke before with the warmth, the conviction, and the ability he showed on his "swing around the circle." It was his intense earnestness that held his audiences. Of all the receptions, he got only two or three that might be classed as tepid—and the two worst of these were at Oskaloosa, Iowa, and Pueblo, Colo.

Always was the candidate meeting either former Rough Riders, cowboy friends, or just acquaintances, and merely to know that he remembered perfectly all about them, he would generally recall some little incident. The cow-puncher vote is solidly Bull Moose.

Dinner time on the Colonel's private car—he had the May over, generally used by President Taft, while the newspaper cabinet, as he always termed them, were bunked in another private car next to his—was an institution. Roosevelt likes a hearty meal, and he likes to linger over an after-dinner cup of tea and discuss everything under the sun from the making of wallpaper to the habits of Urus Americana. And in that discussion everybody joins.

Sufficient  
"What cured him of flirting?" "He started a flirtation with a lady who turned out to be selling an encyclopedia at \$200 a set."—Louisville Courier-Journal.

Keeping Mice From Pianos  
To prevent mice entering pianos there has been invented a simple sliding plate to be mounted on a pedal so that it covers its opening.

# Doings In Social and Club Circles

## ORGANIZED COUNTY LEAGUE

Women of A.W.L. Chapters Ended Meeting at Fullerton With New Organization

The first of October was a red letter day with the Orange and Santa Ana chapters of American Woman's League, when they were royally entertained by the Fullerton chapter at the beautiful home of Mrs. Hale. The spacious living and dining rooms were very attractive in their decorations of carnations and maidenhair ferns.

There were about forty members present and they did full justice to the appetizing viands provided for them.

After luncheon and a social time had been passed the members of the several chapters proceeded to organize a county league which shall meet three times per year. The first meeting will be held in Orange on February 1st.

The officers elected were Mrs. Linebarger of Fullerton, president; Mrs. Rowland of Santa Ana, vice president; Mrs. Hale of Fullerton, recording secretary; Mrs. Oswald of Fullerton, corresponding secretary; Mrs. Deering of Orange, treasurer.

During the profitable business session the presidents of the three chapters represented, were called on for remarks. Mrs. Ford of Fullerton chapter; Mrs. Neale of the Orange Society, and Mrs. Rowland of Santa, responded and gave reviews of work, achievements and plans for future.

Mrs. Rowland of Santa Ana interested the other chapters by telling of the success of the Exchange conducted here by the Santa Ana chapter. She also impressed her hearers with the fact that all money earned by this chapter in either the exchange or in magazine subscription agency is devoted to the local chapter house fund. Her talk created enthusiasm among the members of the other chapters.

Fullerton chapter invited the Santa Ana and Orange chapters to attend a league bazaar to be given in Fullerton on November 21-22.

Munson Home Opened to Mrs. Chapin Mrs. Eileen M. Chapin, who was recently adjudged an incompetent, has been given a home by C. R. Munson, who was appointed her guardian. In her new environment, Mrs. Chapin's condition is rapidly improving.

Choral Organization Put Off Owing to the threatening weather which prevented many from attending the meeting scheduled last night for the organization of the proposed Santa Ana Choral society, the organization was postponed until Tuesday evening, Oct. 8, at the First Baptist church. All singers or others interested in the formation of a musical association are cordially invited to be present at that time.

Now that school is well started it will be an advantage to you in many respects to begin your musical study at once. Be wise and enroll in the Orange County Conservatory of Music.

504 1/2 N. Main St. Main 214.

## ECONOMICS LUNCHEON

First Ebell Economics Ladies Serve Delicious and Daintily Appointed Luncheon

Mrs. John W. Bishop, Miss Boyd and Mrs. L. J. Carden were hostesses yesterday at the first of a series of luncheons to be given by the First Economics section of the Ebell Society.

The luncheon was given at the home of Miss Boyd and was a practical demonstration of some of the many delightful uses to which our fruits may be put. The hostesses are certainly to be complimented upon the results achieved, for from an artistic as well as from an epicurean standpoint, the luncheon was a complete success.

In the center of each of the two long tables was a brown Japanese basket, brimming over with the choicest of autumn grapes—red, black, and white—and graceful tendrils of the vine trailed across the snowy linen. The hand-painted place cards bore a bunch of purple grapes with their pretty leaves and graceful tendrils, and grapes, ice-cold and delicious, served on small plates with their own green leaves as a garnish, was the first course. Apples, pared, cored and boiled in rich syrup accompanied the roast pork and sweet potatoes; pears and cherries were a most delectable combination in the salad and the dessert was apple pie a la mode.

Enters Cornell College Letters from Loren Mead state that he made successful entrance at Cornell College, although hundreds were denied admission, owing to the large number of applicants and the rigid examination. The college is crowded with students. Loren, who is the son of Mr. and Mrs. R. W. Mead, attended the Cornell summer school after his arrival in the East.

## Personals

Mr. and Mrs. J. W. Babbit returned last evening from Hermosa Beach where they passed several days with Pasadena friends at their summer cottage "Sea Breeze."

Mrs. Helen Howard has returned home from her vacation spent at Long Beach, Catalina and other interesting Southern California points.

Miss Mattie Whitson has returned from a two weeks vacation spent at San Francisco and other points in Central California. Her vacation time proved a delightful one.

H. E. Smith returned last evening from a business visit to points near Los Angeles.

Mrs. Howard C. Neilson, who recently returned from a visit to her old home in Kentucky, was a Los Angeles visitor today.

Mr. and Mrs. L. Finckelstein spent today in the Angel City.

Miss Grace Parker returned to Los Angeles last evening after a two days' visit to relatives in this city. Miss Parker will complete her training in the California Hospital next June.

Among those from Santa Ana spending the day in Los Angeles were Miss Lida Crookshank, Mrs. Adam Zaiser, Mrs. C. S. Kendall, Ed. Utt, Dr. G. W. Wheeler and Herbert Walker.

Wear correctly fitting glasses made by Dr. Loersch, 116 East Fourth street.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 251

## FIRST MEETING OF SEASON

Echoes of Vacation Were Given Yesterday at Mrs. Gale's by The Woman's Club

Yesterday afternoon the Woman's Club met at the home of its new president, Mrs. Annie H. Gale, after a vacation of three months duration. The echoes of this vacation given by the members as an answer to roll call were many, and while all were entertaining those given by the mother who spent her vacation at home visiting and enjoying her two young daughters' company, and the grand-mother who took care of a daughter's little children while their mother laid ill in bed with typhoid fever, are the ones that will longest be remembered.

Mrs. Flora Pyle gave the first chapter of reminiscences which she brought from San Francisco of "The Biennial" and a brief review of the State Federation of Clubs year book in her inimitable way, greatly to the enjoyment of the other members.

The club made arrangements to hold on Tuesday, October 23, a social and reciprocity day. The members of all Orange County clubs consisting of women, will be invited as guests of the club. The day will be spent in Birch Park if the weather permits, or in a suitable hall to be procured if the weather makes an indoor meeting imperative. Mrs. W. Lloyd Grubb and Mrs. Alice Gould were appointed as a program committee, and every member of the club is on the reception committee.

Mrs. Grubb informed the club that she had procured and held in hand copies of the Y. W. C. A. "Warning to Girls" who travel alone. After thanking Mrs. Grubb for the trouble she had taken to secure the "Warning," the club instructed her to have two copies of it framed and see that they were hung on the walls of the waiting rooms of the local Santa Fe and S. P. depots.

## GAME ASSOCIATION MEETING TOMORROW

Tomorrow evening at the city hall will be held a meeting of the Orange County Fish and Game Protective Association. This meeting is to pay special attention to proposed amendments to the game laws. Those who have suggestions have been requested to write out the suggestion and hand it to the secretary, E. R. Curtis, who will present it to the meeting. At the meeting of the association two weeks ago a number of important matters were discussed, among them a game preserve in the Trabuco division, having the quail and dove seasons alike, perfecting a system for prosecuting violators of game laws, and getting measures to protect abalones and mussels.

## AUTOMOBILE CLUB MEETING TONIGHT

The Santa Ana Automobile Club is to hold an important meeting at the city hall tonight. A number of matters are to be discussed. It is probable that tonight a decision will be reached as to the destination of the next club run.

Saves Leg of Boy "It seemed that my 14-year-old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. "All remedies and doctors treatment failed until we tried Bucklen's Arnica Salve, and cured him with one box." Cures burns, boils, skin eruptions, piles. 25 cents at all druggists.

Is Meeting With Success As the local representative of the Standard Building and Investment Co., I wish to thank the citizens of Santa Ana and especially those who were interested to the extent of becoming stockholders, for the courteous treatment and cordial reception given the company here. Our success here has exceeded our expectations and the encouragement I have received justifies me in saying that the Standard will in all probability, soon enter into active operations in this field.

S. D. PEPIN. Attention T. F. B. Every member is expected to be present next Friday evening, Oct. 4. Supreme Vice President Mrs. Neidig will be present. Banquet. Regular monthly dance postponed until Oct. 11th.

**Business College**  
CASH AND CREDIT COURSE  
Your future is squarely up to you. Will you spend four of the best years of your life learning bookkeeping and shorthand in the High School because it is free? Or, attend this school eight months, then gain three years' business experience at a good salary, while your neighbor is plodding away in the High School trying to get ready for a position? This is a decision which I can help you decide the question wisely. See me before joining any school.

## PRESIDENT DAVID STARR JORDAN TO LEAVE STANFORD

Announces He Will Retire in 1915 to Devote Time to Cause of Peace

STANFORD UNIVERSITY, Oct. 2.—That David Starr Jordan will step down in 1915 from his chair as the first and only president of Stanford, to take up the cause of international peace, and to wage war against war, was announced yesterday at the celebration on the campus of Stanford's twenty-first birthday. The resolution of the board of trustees that a president shall resign at the age of 65 will then go into effect. Dr. Jordan is 62.

## MONSTER MUSKMELOON IS GROWN BY SANGER FARMER

FRESNO, Oct. 2.—E. W. Moody, a Sanger farmer, is proud of a muskmelon now growing on his ranch. The melon is three feet in length and about ten inches in thickness. It was planted last spring and when measured by Moody two weeks ago was 32 inches in length. Since that time it has grown four inches and is still green. Moody believes the big melon will attain a length of 40 inches or more if allowed to stay on the vine until it gets ripe. Moody did not know the name of the monster, but said he obtained the seed in Southern California. He and his neighbor are the only farmers near Sanger who are growing the big melons. It was stated at the Chamber of Commerce that Moody's prize is probably a banana melon. The Sangerite will donate it to the Chamber for exhibition purposes.

FOR SALE—First class, bright, barley hay well filled with grain, \$20 per ton at barn. A. G. Adams, on old Ford place, first house on the left, past Greenville station on Huntington Beach line.

## DIRECTORATE TO HOLD OVER

Not Over a Dozen Stockholders Gathered at Annual Meeting Yesterday

ORANGE, Oct. 2.—Harmony seems to be the watchword in the affairs of the Santa Ana Valley Irrigation Co. At any rate, everyone seems to be thoroughly satisfied with the present board of directors, for not over a dozen stockholders showed up at the annual meeting yesterday.

With no quorum present, the old directors hold over. They are George Dierker, A. G. Finley, Harry W. Lewis, Fred Rogers and L. E. Smith.

## FINDS AGENT'S STORY NOT A TRUTHFUL ONE

A housewife of this city called up the Register today to say that there are two men in town selling toilet articles and representing them to be high class goods. She stated that are articles cost \$1. The agent stated that they were put at a low figure in order to introduce the articles among local people. He said the brand is carried by all the drug stores, and he particularly mentioned the White Cross Drug Store. There was a dandruff cure, soap, powder and such articles as that. The housewife called up the White Cross and two of the other drug stores, and each one replied that they did not carry the brand of articles described, knew nothing about them and knew nothing about the agents.

## BLUE RIBBON STOCK WENT IN BIG SALE

Biggest Sale of Cattle in One Lump Ever Made in State Came Off at Newman, Cal.

NEWMAN, Oct. 2.—Probably the largest sale of cattle ever made in one lot in this state was made recently near Newman when the stock of the Chowchilla ranch, consisting of 8000 head of cattle and 3000 head of mixed stock, was purchased by Miller & Lux.

Among the stock sold was the famous herd of Shorthorns which have regularly taken blue ribbons at various stock shows in the East for years. Saved by His Wife—She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintree, Vt., is of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F., "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds. It is the most safe and reliable medicine for many throat and lung troubles—grip, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50 cents and \$1.00. Guaranteed by all druggists.

## FINGER PRINTS BETRAY CRIMINAL

"Con" Caddigan, Gold Brick Man Who Was Said to be Dead Found in U.S. Capitol

LOS ANGELES, Oct. 2.—Detective James Hosick of the Bureau of Criminal Identification, yesterday afternoon verified the Bertillon measurements of the man under arrest in Washington, D. C., as those of "Con" Caddigan, a gold brick operator who escaped from Los Angeles and was supposed to have been drowned at San Pedro.

That Caddigan committed suicide here has always been doubted by the police. The arrest in Washington of D. C. Morse for forgery was telegraphed to the Los Angeles bureau by Major Richard Sylvester, chief of the Washington police.

SECOND DEATH SENTENCE SAN FRANCISCO, Oct. 2.—John S. Rogers, convicted of the murder of Benjamin Goodman, a jeweler, will be forced to hear the death sentence passed upon him for a second time. Sentenced to hang by Judge Willis of Los Angeles, he took an appeal, which was denied.

Lecture Thursday Mrs. Irene M. Smith of this city will deliver the Socialists' Thursday evening lecture in K. of P. Hall Thursday evening, Oct. 3, at 8 o'clock.

FEELING RUNS HIGH OVER MEXICAN SECRET SERVICE DOUGLAS, Ariz., Oct. 2.—Pleas of not guilty were entered today by Lieutenant Howard Hordness of the Ninth United States Cavalry, and Mexican Consul Cuesta and his detective, Powell Roberts, arraigned and charged with assault with deadly weapons and forcible entry, preferred by D. J. Genardini, whose hotel they searched without a warrant. All were admitted to bail. Feeling is running high over the action of the Mexican secret service men who usurped the power of the local authorities.

NO OFFICIAL CONFIRMATION OF KILLING OF AMERICANS WASHINGTON, Oct. 2.—Up to an early hour this afternoon no official report of the assassinations of Allen McCaughan, consul, and Herbert Russell by Mexican revolutionists had been received.

MEXICO CITY, Oct. 2.—Mexican rebels have murdered American Vice Consul Allen McCaughan, and Herbert L. Russell, an American ranch owner, was also killed.

## Colored Quartet Fine Entertainers

On Friday evening of this week one of the musical treats of the fall will be given at Spurgeon's hall under the auspices of the Y. M. C. A. of Santa Ana. The singers will be the four colored men who compose the All-Star Jubilee Quartet. Among them is the man known as "Black Patti." This man has a most remarkable voice. He not only has a great baritone voice, but he sings in soprano to the delight of every music lover. He will appear on the stage dressed in woman's attire. The program will be varied, including comedy, classical, jubilee and sacred numbers. Harry Hensen of the Y. M. C. A. states that he has received letters from various places where this quartet has appeared, and every letter goes into raptures over the excellence of the singing.

## EL CENTRO MAKES BIG STRIDES IN SCHOOLS IN 1912

EL CENTRO, Oct. 2.—It is doubtful if any town in the history of California ever before made the wonderful record of percentage of gain in school attendance which El Centro has made this year.

Last year at this time the enrollment in the high school amounted to 56. This year the enrollment has reached 90.

Last year at this time the enrollment in the grammar school amounted to 215. This year the enrollment has reached 310.

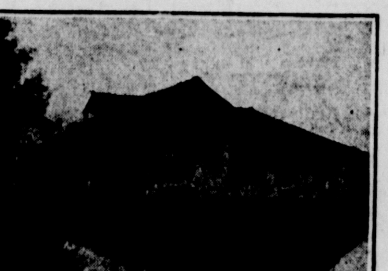

Taking the high school and the grammar school together, there is a gain of more than 47 per cent, or there are almost half as many more children in school this year than last year.

This is but one of the many indications of the tremendous gain in population of El Centro.

## LIVE NEWS GATHERED FROM NEARBY TOWNS

THE TALKER  
IS LOCATED

Voice Heard Over Wireless at Fullerton Proves to be Voice of Long Beach Man

FULLERTON, Oct. 1.—A story was published a few days ago telling how Mr. Battle of Fullerton heard mysterious voices and phonograph music on his wireless telegraph station at the local water plant. His receiving outfit showed that the sounds came from a distance of about thirty miles, but as he had no sending outfit, he could not locate the exact station which he believed was experimenting on a wire less telephone apparatus.

The story was read by Mr. Miller of Long Beach, who is making these experiments, and he called Mr. Battle up by phone and stated that he was making these experiments and had been at it for two or three weeks, but he was greatly surprised to learn that the voices and music had been heard so far away—in fact, he thought the sounds were caught only by the other plant in Long Beach.

When Miller called up by phone Battle immediately recognized his voice as being the one he had heard in the experimental work, which had been carried on for days.

Mr. Miller will come to Fullerton so that he can talk direct with his Long Beach office, twenty-five miles away.

You and your driving horse will like our shoeing. Smith, 407 North Birch.

ORGANIZE TO  
BOOST EVANS

Meeting of Leaders Held Every Day—Spreckels is Backing the Democrat

SAN DIEGO, Oct. 2.—There will be some hot doings in this county in the congressional campaign by the supporters of S. C. Evans, the Republican nominee for Congress, and the Spreckels or standpat organization which is supporting the Democrat. The Progressives are in the fight to win and they are determined to carry the county for Evans. The Progressive county central committee has established headquarters in room 209 Timken building, just down the hall from the business offices of the Democratic candidate.

The Progressive county executive committee plans to meet every day at noon for the discussion of plans and ways and means and to plan for the Bull Moose and Evans meetings which are to be held all over the city and county.

The boom of the Progressive movement and the great success of the Evans meetings in this county have drawn the lines more closely about the standpat organization which is backing the Democratic candidate.

"The Republican old guard is helping the Democrat in every way possible," said the San Diego Sun here tonight. This is a fact, but the people will not be dictated to by the standpat organization which is financing the Democratic campaign.

This will be one of the hottest campaigns in the history of the county and before it is over it will definitely align every Progressive Republican from all parties on one side against the standpat-Spreckels combination on the other. As the county is strongly Progressive, Evans' followers here today are predicting that he will carry this county in November.

FIRST SHOWER OF  
THE SEASON IS .06

The first shower of the season arrived last night about 6:30 o'clock, and in about an hour .06 of an inch fell here. This measurement was on S. Hill & Son's gauge. At Orange James Fullerton's gauge showed .05. There was not enough rain to do any damage. It freshened vegetation and cleansed the atmosphere. Had there been a heavy rain, little damage would have been done except to inconvenience the harvesting of sugar beets. Most of the beans are threshed and under cover.

—After Sept. 21st, our place will be closed nights and Sundays. Work continued week days as usual.

ORDER PAVING  
ON CHAPMAN

Orange City Trustee Tees Bids—He Does Not Care What He Thinks

Orange News: The preliminary steps to ordering the paving of seven blocks on East Chapman, avenue from Orange street to Cambridge street, were taken last evening by the city trustees when plans and specifications were adopted for the work and a resolution of intention to order it was passed.

The city engineer was instructed to present plans and specifications for such work. He did so and they were accepted by a unanimous roll call. The resolution of intention to order the work was then unanimously adopted.

**Protest on Award**  
Bids for sewer work on East and West Palmyra avenue were opened. Use bids for 2314.90 feet on West Palmyra were as follows:

C. F. Zimmerman .....\$2,106.65  
L. A. Paving Co. ....1,991.99  
Pernell Barnett .....2,600.00  
Zimmerman and Barnett bid lump sums, while the L. A. Paving Co.'s bid was segregated as follows:

Manholes .....\$55.00 each  
Trenches .....\$60 each  
Lampholes .....\$5 each  
Sewer .....\$80c per foot

At this point a delegation of West Palmyra property owners addressed the board through J. B. Winters. Mr. Winters said the property owners thought they could beat the bids by private contract, and asked that the bids be rejected.

After some discussion the city attorney explained that the property owners have ten days in which to let the work by private contract if they so desire. That appeared satisfactory and the delegation thanked the board and withdrew. The contract was then awarded to the L. A. Paving Company as the lowest bidder.

**Bids Rejected**  
Bids were then opened on 2,640.90 feet on East Palmyra as follows:  
P. Barnett .....\$2,056.04  
G. F. Zimmerman .....2,139.21  
L. A. Paving Co. ....2,185.66

The first two bids were lump sums while the last was segregated into items. The city attorney advised the board that the last was the only proper bid, as the other two did not admit of the proper assessment of manholes and flush tanks against the property to which they should be assessed.

Zimmerman made objection to the city attorney's statement, saying he did not believe it.

"We don't care what you believe," observed President Dittmer.

"The board isn't asking your advice," supplemented Richards.

Since the only regular bid was the highest of the three, it was decided to reject all bids and readvertise, bids to be opened two weeks hence.

The S.A.V.L. company was given permission to lay a six-inch iron pipe in Almond avenue from Harwood to Cypress with standpipes inside the curbs where needed. This will eliminate the present gates in the streets which are a source of inconvenience to the city.

The report of the sewer inspector recommending the acceptance of extensions of sewer on North Lemon, North Harwood and South Grand streets was accepted.

HORSELESS CITY  
IN WHITTIER—BAN  
DUSTS EQUINES

Los Angeles Examiner: Whittier went on record yesterday as the first horseless, muleless, burroless city in Southern California. This unique addition to interesting annals was occasioned by Judge Craig upholding the official ban of the trustees against the stabling of beasts of burden within the limits of the community.

The ban is in the form of an ordinance. Not until yesterday did W. Keen, a liveryman fighting his previous ban, learn that not only did it forbid the sheltering of animals within 500 feet of churches and schoolhouses, but "harboring them within the same distance of any residence other than that of their owner."

This means that a man owning horses, mules or burros cannot stable them even on his own premises if it happens there is a house within 500 feet.

It is freely predicted that stables will begin to "sprout like mushrooms" today on the outskirts of the city to accommodate the forbidden animals.

**MULE FOOT HOGS MAKE HIT WITH SAN JACINTO RANCHERS**

SAN JACINTO, Oct. 2.—J. Z. Smith, who has a big ranch west of town, has introduced the mule foot hog into this section and from present indications this new breed will soon be raised exclusively by the ranchers in this section. Mr. Smith says he has tested out this particular breed of hogs and that they are far superior in every respect to the cloven hoof species.

The ranchers of San Jacinto are taking a live interest in the mule foot hog and it will only be a short time till the hog raisers of this section will have large herds on their ranches.

This breed gets its name from its solid foot, which is solid like that of a horse or mule. The flesh is of a remarkably fine flavor and is very tender and palatable.

## Hill's Corner

It is quite evident that galvanized corrugated Iron (and all flat sheets) will be considerably higher before this year is gone. There has already been several slight advances within the past thirty days, but we placed our orders early and the iron we have "to arrive" with a good stock on hand will hold this market steady for some time.

The general tendency is upward for all heavy goods in our lines and we have provided for the immediate future by placing our orders farther ahead than usual, by and by we will be compelled to pay the higher prices if our "guess" is correct.

Our stock of Plumbing goods is about complete and all our plumbers and tanners are busy.

The outlook for the year ahead is good, barring political errors.

S. HILL & SON.

## AT THE COURTHOUSE ALLEY FENCE DAMAGES \$300

Anaheim Property Owners do  
Not Like Wood's Way of  
Doing, so They Sue

Suit for \$300 damages and for an order compelling the removal of a fence across an alley at Anaheim was brought in the superior court today against A. W. Wood. The plaintiffs, represented by Attorney F. C. Spencer, are Frank C. and Gertrude Goodrich, J. P. and D. Wedell, F. Jauerick and J. Regier.

EVERYTHING SEASONABLE FROM ORCHARD OR GARDEN, FRESH DAILY

Fresh Ripe Grapes.  
Fresh Vegetables.  
Casabas, Melons, and Squashes.

Give us your order for fresh fruits and vegetables with your grocery order.

### A. G. LUCAS

Cor. Fourth and Broadway,  
Main 52, Home 262.

plaintiffs own lots 3 to 7, Regier's subdivision at Anaheim, and that they own a right-of-way for an alley at the rear of their property. This alley has been shut off for six months or more by a fence built by A. W. Wood. The plaintiffs allege that they have been damaged \$300 by reason of being unable to use their alley. The court is asked to order the fence removed.

**To Quiet Title**  
W. C. Manerhan, with Williams & Rutan attorneys, has brought suit against F. W. Mansur, administrator of the estate of Rafaela Morillo, to quiet title to property in the Anaheim Extension.

**Asks Administration**  
F. W. Mansur has petitioned for letters of administration on the estate of J. F. Merriam, who died in 1896. The estate consists of a one-third interest, worth \$25, in lots at El Modena. Williams & Rutan represent Mansur.

**Recovered Insanity**  
E. F. Morton, guardian of W. E. Hall has petitioned for an order restoring Hall to mental capacity. Hall was committed to the asylum at Patton, and Morton was placed in charge of him and his estate. Morton took Hall from the asylum to Hall's former home in Connecticut, where he has recovered his sanity. Morton asked a discharge as guardian.

**Mechanic's Lien**  
A mechanic's lien has been recorded by R. B. White against Nick Karales; demand, \$57.50.

**Macdonald Trial**  
With fifty talesmen brought into court today on a special venire, the selection of the jury to try R. C. Macdonald was again taken up in the superior court. Attorney Clyde Bishop questioned each prospective juror closely, and this afternoon District Attorney West is going over them in the same manner. Nine more men are to be selected.

**Marriage Licenses**  
Ernest Earle Carter, 22, and Pearl M. Sherwood, 18, both of Santa Ana. Ralph C. Shuey, 29, of Pittsburgh, Pa., and Annie M. Strong, 21, of Santa Ana; Ole B. Weaver, 25, and Fannie T. Schneider, 19, both of Anaheim.

**Fortunes in Faces**  
—There's often much truth in the saying "her face is her fortune," but its never said where pimples, skin eruptions, blotches, or other blemishes disfigure it. Impure blood is back of them all, and shows the need of Dr. King's New Life Pills. They promote health and beauty. Try them. 25 cents at all druggists.

## ANNEXATION IS HIT IN THE HEAD

Supervisors Not Even Consider  
it Unless Artesia and Norwalk Want it

WANT INVESTIGATION  
OF FREIGHT RATES

Contract Let For Bridge Across  
Trabuco Creek—Yorba  
Linda Bonds Sold

The proposal to annex Artesia and Norwalk to Orange county seems to be about as good as dead. This morning delegations from the Citizen's Association of Artesia and the Commercial Club of Norwalk appeared before the Board of Supervisors, and declared that the prevailing sentiment is against the proposition made to this county by Dr. E. A. Diehl and others a short time ago. The supervisors replied that this county has done nothing whatever in the matter and does not propose to do anything. The only condition on which the matter would be taken up would be a practically unanimous sentiment in favor of annexation.

The petition presented by Dr. Diehl was roughly handled this morning. G. R. Frampton, an Artesia banker, stated that about half of the signatures were secured in October, 1910. The big property owners were not asked to sign, probably for fear they would not sign.

Frampton said that the citizens association does not want to change conditions. James Hay of Norwalk, an ex-supervisor, spoke for the Commercial Club of Norwalk, saying that the movement was opposed by that club.

The visitors were assured that this county had taken no action in regard to the matter. Frampton said Artesia might soon ask this city to aid in a movement to get lower passenger rates on the Santa Ana line of the P. E.

**Want Something Done**  
S. M. Davis and A. A. Mills appeared before the board today as a committee of the Associated Chambers of Commerce and asked that action be taken toward getting the Railroad Commission to take up an investigation of alleged discrimination in freight rates in which Orange County is the sufferer. The proper channel for procedure was outlined, and on motion the action asked for was ordered. The county clerk is to request the Railroad Commission to direct the district attorney of this county to take up the matter. It seems that the law requires that the matter be handled in that way.

It was brought out this morning that the county has larger freight bills to pay for oil than it ought. Supervisors Talbert and Leck spoke of this phase. It was pointed out that in many ways this county has higher rates to pay than Los Angeles. For instance, apricots shipped from here to San Diego direct cost \$4 a ton freight. If shipped from here to Los Angeles and then to San Diego the freight is eighty cents per ton.

**Mills Out of Court**  
A. A. Mills was before the board with an objection to the plans of the county Highway Commission. He got a courteous hearing, but it took mighty few words from Chairman Talbert to show that Mills's appearance was untimely and a waste of time so far as the board is concerned. Mills said that the plans do not give the north end of the county as many miles of good roads as it ought to have in proportion to its assessment and raise in assessment.

Assessor Sleeper was right on Mills's collar, understanding Mills to

say that the north end of the county had been raised too much in comparison to the south end.

The oil wells have been raised 600 per cent, as was right," said sleeper, "but I tell you that the agricultural and horticultural interests have not been raised one bit more in proportion to their value than the raises I gave of er parts of the county."

"This objection to the good roads plans can do no good now," said Talbert. "This board and the County Highway Commission know no north and south end. We want to do what is best for the entire county. We draw no division line. This outline of roads has been laid out by the highway commission, with but very few suggestions from us, and I think it gives all sections a square deal. Anyhow, the plans are accepted, and we have called the election, and there is absolutely no way we could get the plans changed, even if we wanted to."

**Bonds Are Sold**  
There was one bid received for the \$8000 bonds of the Yorba Linda school district. That bid was the California National Bank, which bid par. The bid was accepted.

County Recorder Peters' leave of absence was extended to Nov. 1.

**Bridge Contract Let**  
Bayele & Bayele were awarded a contract for building a bridge across the Trabuco creek near San Juan Capistrano. The bids were: Bayele & Bayele, \$4495; Westlake Construction Co., \$5670; Munoz & Munoz, \$4749; Mercereau Bridge & Construction Co., \$4118.

IN THE JUSTICE COURT

## THEIR CARDS OBJECTIONABLE

One Anaheim Man Arrested  
and the Other Will be on War-  
rant Issued Here

Warrants have been issued for the arrest of A. Fields and A. Laundres, proprietors of an Anaheim poolroom, on a charge of lewdly distributing obscene and indecent literature. Fields was arrested today and placed in jail. Laundres was in Los Angeles today. He will probably be arrested tonight.

The first complaint was sworn to by A. A. Mills. Later further evidence was secured by Deputy District Attorney Koepsel and Deputy Sheriff Murray, and a new warrant was issued today. Evidence in the case will be a business card on one side of which is the name and address of the place of business, and the names of the proprietors, Fields and Laundres, and on the back of which appears objectionable literature which forms the basis of the complaint.

## "POMPADOUR JIM" FIGHTING DEATH

Reported Dying Last Night;  
Now Said by Doctors to Have  
Chance For Recovery

PHILADELPHIA, Oct. 2.—James J. Corbett, reported as dying last night, is greatly improved today. His physicians now hold out hope of the actor-pugilist's recovery.

**Case "Bright" Hopeless Last Night.**  
PHILADELPHIA, Pa., Oct. 2.—James J. Corbett, former champion pugilist of the world, was pronounced dying here last night at the Jefferson hospital, following an operation performed as a last resort to save him from peritonitis. There is absolutely no hope, the surgeons say, and his death is only a question of hours.

Corbett is billed here this week to appear at a local theater and his company came with him on Sunday. Monday night he was not feeling well and after the performance he complained of severe pains in his right side. Toward morning his condition grew worse and yesterday when the famous actor-pugilist finally consented to have a physician, it was found that he had been suffering from acute appendicitis and from his condition it was seen that he was in a critical state.

Blood poisoning had set in before the appendix had ruptured and it was feared that he would die before well could be hurried to the operating table and placed under the anesthetic. When the surgeons made the incision it was found that not only had the appendix ruptured, but that part of the wall of the intestines had been torn so severely that there was no chance for the surgeons to repair the lacerated peritoneum.

Beaumont Grows  
Rich Sugar Beets  
Without Irrigation

BEAUMONT, Oct. 2.—The Beaumont soil is adapted to the raising of sugar beets of high quality. Not only that, but they can be successfully grown without irrigation.

These important facts which make possible the development of a large sugar industry in this section have been demonstrated by J. Q. Ayers, who made a test of the product this season, the result of which has just become known.

Mr. Ayers sent off for the seed this spring for an experiment. The land in which the seed was planted was not irrigated and received only the same amount of attention to conserve the moisture as was given his other crops. A sample of the product of this experiment is on exhibition in the window of W. A. Sewell's real estate office. The beets are from twelve to fourteen inches in length and nearly ten inches in circumference at the larger end.

## ORANGE GROWERS PLAN F.O.B. SYSTEM

300 Voted For Home Auction  
as Remedy For Existing  
Market Defects

RIVERSIDE, Oct. 2.—Three hundred orange growers from this and San Bernardino counties voted unanimously yesterday afternoon in favor of the f. o. b. plan of marketing oranges and lemons. The tramp car system inaugurated by the exchange was declared by several speakers to be the principal factor in preventing competitive buying by eastern fruit houses.

A home auction was declared to be the only remedy for existing marketing defects. The exchange will be asked to join in a general movement, inaugurated by growers for f. o. b. selling.

Robert Irving presided at yesterday's meeting and the principal addresses were by L. A. Banks of Los Angeles and Kenneth Rae of Rialto. The next meeting will be held at Upland on October 16.

WHEELS.

## Two Stables The "Blue Front" And "The Fashion"

I have purchased the Blue Front Stables, West First street, of L. F. Clapp.

I will continue the Blue Front and Fashion Stables in their present locations, giving both my personal supervision. The combined stables place me in position to care for my increasing trade, in a prompt and satisfactory manner. When you want a good double or single rig, phone either stable. Rigs delivered and called for. "The Blue Front" Phones: Home 190, Black 2576. "The Fashion" Phones: Home 152, Main 31.

### THEO. LACY Sr.

Fifth and Sycamore.
